Dear Mr. Cavanagh:

We have been requested by Dr. Schulze Horn of Siemens AG to obtain your signature on a patent application which names you as an inventor.

Dr. Schulze Horn is a patent attorney at the Erlangen office of Siemens AG. We have worked with Dr. Schulze Horn in the preparation of a number of patent applications for filing in the U.S., including the above-referenced application. The present patent application has been filed in the U.S. Patent Office and now requires the signatures of the inventors. Dr. Schulze Horn is overseeing obtaining signatures from the European based inventors and has asked that we obtain signatures from the U.S. and Canadian based inventors.

Accordingly, we ask that you review the enclosed papers and sign and date them where indicated. Please return the executed papers to us so that we may file them in the U.S. Patent Office.

We ask that you return the papers promptly so that extensions of time in the Patent Office can be avoided. To facilitate return of the papers, we are enclosing a self-addressed envelope for your use.

If you have any changes or corrections in these application papers, please let us know so that we can prepare the appropriate amendment papers in the Patent Office to have the changes entered.

Dear Mr. Cavanagh:

We have not received the signed formal papers from you in the above-identified patent application. Please sign and return the enclosed papers immediately.

We note that we received papers by way of the law firm of McCarthy Tétrault of Calgary which they indicated they received from Perry Cavanagh, but which were signed by Mr. Pfeiffer. This suggests that there may have been some mix up in the papers.

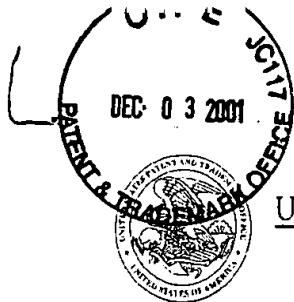

We ask that you call us if you have any questions or comments in this matter.

Your prompt attention is respectfully requested.

With kind regards,

Melvin A. Robinson
